

Show your **FLOWER POWER**

Fundraise to support cancer research that saves lives.

**Every dollar raised through your Yellow fundraiser
will help uncover better cancer detection and
treatment options.**

Fundraising inspiration

Pick a day in August that suits you and choose from our many fundraising ideas - or use them as inspiration for your own idea!

Host an event

Events are great for fundraising. You can host in person or online and be as creative as you like. Think quizzes, morning teas, baking competitions, karaoke nights, garage sales, Yellow-themed dinner parties, video game challenges - the possibilities are endless!

Dress up, down, or Yellow!

Hold a 'dress Yellow' day at your school or workplace, or even run a Yellow-themed dress-up competition online. Ask those taking part for a donation.

Gifts that give back

Use your creative talents for a good cause. Raise money in exchange for poems, songs, crafts, paintings, drawings or whatever you can turn your hand to. Deliver your original gifts in person or send them online.

How many daffodils?

Play the daffodil guessing game we've sent you. Get your friends, family and wider networks to take part for a suggested donation of \$5 - either in person or online.

Virtual get together

Working from home? Instead of socialising with your colleagues after work, get together for a video chat and donate what you would otherwise have spent. Perhaps add in the commuting costs you've saved as well!

Share cancer support information

Cancer Council has a range of information about our support services available to anyone affected by this disease. Contact us and we can send you resources.
