

Write the answer here

Use your **FLOWER POWER** to guess the number of daffodils

How to play

- 1.** The host picks a winning number, writes it in the top right hand corner and folds it over so no one can see (use sticky tape if necessary).
- 2.** For a suggested entry fee of \$5, players guess how many daffodils are in the field.
- 3.** Once all players have submitted their guess, the host reveals the number and the closest guess wins.
- 4.** The winner receives half the money collected for the game and the host donates the other half to Cancer Council to fund vital cancer research.
